

Dear Sirs,

I am pleased to inform that JATE accepts application of certification for compliance in English from August 1, 2002.

I hope our new procedure will be great help for your filing, and hope you to apply more than those we had.

Detailed conditions of the new procedure are on our web pages (<http://www.jate.or.jp>), and if you have any questions, comments and further inconvenience to the new procedure, please do not hesitate to contact us.

With Best Regards,

Takeshi Ishida

President
